### Description

Yamaha. . . Part# Y203

- FJR1300 2006 to 2013

The risers are placed between the fork crown and the handlebars to raise the bars up 1 " (25mm) and back 1/2 " (12.5mm). This will help to relieve wrist and neck pain on long rides. No longer cables will be required for installation. This installation is a little more complicated than most of our risers so Please read installation instructions before ordering.
